

Student-Athletes & Parents,

4/10/2020

After talking to the School Administration, West Falls Conservation Society and the league we will not be pursuing the "participating" option. There are too many unknowns moving forward in the unprecedented time. It saddens me to make this decision but I want to make sure everyone has the opportunity to communicate their plans to me.

You can choose between "Special Offer" or "Withdrawal" as outlined below in a correspondence from the league. If I do not hear from you I will choose "Special Offer" Monday morning.

[Student-athletes Status](#)

From the League;

Modified 2020 Spring Season Participation Status Options - April 8-13 Noon CT

All ROSTERED and INVITED (completed registration) members of your trap and/or skeet team are indicated below. Parents/athletes have been instructed to communicate their participation status with their Head Coach. Participation status can be changed at any time prior to April 13 at Noon CT. Students may still register for the team before the registration deadline.

Please select the participation status for each of your team's athletes:

- ~~• *Participating (DEFAULT): The athlete WILL participate (submit scores) on the team and receive the Special Offer. Students may still register for the team before the registration deadline. No refund.*~~
- *Special Offer: The athlete WILL NOT participate (no scores submitted) on the team but will receive the Special Offer. No refund.*
- *Withdrawal: The athlete WILL NOT participate on the team, DOES NOT want the Special Offer, AND wants a refund for their registration fee that has been paid to the League.*

After the registration deadline, participation status can no longer be changed and refunds will not be allowed.

Seniors that maintain their registration are eligible to apply for the Jim Sable Environment & Conservation Education Scholarship.

For teams that chose the 'Team Pay' option: Payment of \$35 League registration fee for all Participating AND Special Offer athletes will be required before May 11.

Athletes requesting a refund for registration fees paid directly to the League will be issued a credit prior to May 15, 2020 to their original form of payment.

Special Offer: Those athletes that remain registered for the Modified 2020 Spring Season will receive a special limited-edition t-shirt and a full-year subscription (4 issues) to PullUSA Magazine - a \$40 value. T-shirts will be shipped to the team shipping address in June. Magazines are mailed quarterly to the athlete's home address.
