

Lancaster Jump Start Summer School Program July 11 - August 4, 2022

The Elementary Jump Start Summer School Program prides itself on providing students remediation through **Project-based Instruction** over the summer. Through inquiry and research, students practice foundational skills in reading and math during summer school. Children are immersed in purposeful activities that are not only engaging and fun, but provide the necessary reading and math skills needed to be successful at the next grade level.

Jump Start teachers are knowledgeable of Kagan Cooperative Learning Structures, Next Generation Learning Standards and grade-level curriculum requirements.

- Projects focus on critical content
- Students continuously engage in inquiry learning and authentic activities
- Projects embed content from the science and social studies curriculum

Incoming K - 6 students will attend William Street School

- Monday - Thursday: 8:30 AM – 12:00 PM
