INTRODUCTION

The Safe Schools Against Violence in Education Act (SAVE) was passed by the New York State Legislature and signed into law by Governor Pataki on July 24, 2000. Project SAVE culminates the work of the Task Force on School Violence chaired by Lieutenant Governor Donohue. The Task Force consisted of a broad range of qualified people from all parts of the state including students, parents, teachers, school administrators, law enforcement experts, business leaders, mental health professionals and local elected officials. From its inception in January 1999, the Task Force sought information concerning the best school violence prevention and intervention practices in the state and the nation. Ten public hearings were held throughout the state, providing a rich array of recommendations from local communities about ways to ensure the safety of New York's students. The Task Force's final report, *Safer Schools for the 21st Century*, contained a series of recommendations intended to reduce incidents of violence in schools and strengthen schools' capacities for responding to emergencies that could affect the health and safety of children.

The New York State Board of Regents approved amendments to the Regulations of the Commissioner of Education as emergency measures in November 2000 to ensure compliance with the new legislation. The revised regulations in Section 155.17 of the Commissioner's Regulations contain the requirements for schools concerning school safety plans. A major component of SAVE is the development of school safety plans at the district and at the school building levels. At the district level, the new *District-Wide School Safety Plan* replaces the current school emergency management plan that is required for all districts. At the school building level, a newly required *School Building Emergency Response Plan* must be prepared for each school building in the state. Together, these plans are intended to provide the means for each school district and all the buildings in the district to respond to acts of violence and other disasters through prevention, intervention, emergency response, and management.

A

A. PURPOSE

The District-Wide School Safety Plan was developed pursuant to Commissioner's Regulation 155.17. At the direction of the Lancaster Central School District Board of Education, the Superintendent of Lancaster Central School District appointed a District-Wide School Safety Team and charged it with the development and maintenance of the District-Wide School Safety Plan.

B

B. DISTRICT-WIDE SAFETY TEAM MEMBERS

The Lancaster Central School District has created a District-Wide School Safety Team consisting of, but not limited to, representatives of the School Board, students, teachers, administrators, parent organizations, school safety personnel and other school personnel.

The safety team may consist of members from the following demographic groups:

Board of Education Trustee

Assistant Superintendent for Business & Support Services

Director of Facilities

Transportation Supervisor

Director of Communications

Building Principals/Assistant Principals

Benefits Clerk

Nurses

Building Planning Team and/or Safety Team Members

Buildings & Grounds Staff Members

School Resource Officers

Lancaster & Depew Emergency Response Representatives

C

C. CONCEPT OF OPERATIONS

- The District-Wide School Safety Plan shall be directly linked to the individual Building-Level Emergency Response Plans for each school building. Protocols reflected in the District-Wide School Safety Plan will guide the development and implementation of individual Building-Level Emergency Response Plans.
- In the event of an emergency or violent incident, the initial response to all emergencies at an individual school will be by the School Emergency Response Team.
- Upon the activation of the School Emergency Response Team, the Superintendent of Schools or his/her designee will be notified and, where appropriate, local emergency officials will also be notified.
- Efforts may be supplemented by county and state resources through existing protocols.
- Local emergency officials play an important role in managing response actions in emergency situations. Assistance from these officials is obtained by:
 - 1) Asking for their input in the planning process. If possible, include them as a member of the district-wide and building teams.
 - 2) Include them in the training of staff and students.
 - 3) Use their expertise and experience in the conduct of all drills, including tabletop exercises.
 - 4) Discussing all resources available if Article 2-B is invoked.

D

D. PLAN REVIEW AND PUBLIC COMMENT

- This plan shall be reviewed and maintained by the District-Wide School Safety Team and reviewed on an annual basis on or before September 1 of each year.
- Pursuant to Commissioner's Regulation 155.17(e)(3), this plan will be made available for public comment 30 days prior to its adoption. The district-wide and building-level plans may be adopted by the School Board only after at least one public hearing that provides for the participation of school personnel, parents, students and any other interested parties. The plan must be formally adopted by the Board of Education.
- While linked to the District-Wide School Safety Plan, Building-Level Emergency Response Plans shall be confidential and shall not be subject to disclosure under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801-a.
- Full copies of the District-Wide School Safety Plan and any amendments will be submitted to the New York State Education Department within 30 days of adoption. Building-Level Emergency Response Plans will be supplied to both local and State Police within 30 days of adoption.

BUILDING SAFETY AND SECURITY

General

- School safety Assessment – a strategic evaluation and facilities audit to identify emerging and potential school safety problems consisting of:
 - A building safety audit conducted with law enforcement, (School Safety Audit Checklist)

NOTE: The completed checklist is not included in this plan.

A. IDENTIFICATION OF SITES OF POTENTIAL EMERGENCIES

GUIDELINES

When developing a specific list of potential sites for emergencies, *at the building level*, there are many variables that could serve as a catalyst or provide the environment for an emergency to take place at that site. Sites that have these variables or environment have been considered in the following list:

ON-SITE

- various chemical storage areas
- welding/hot work area
- indoor vehicle transportation areas
- compressed gas storage areas
- paint spray booths
- areas of student congregation
- student/teacher/administrator conference area
- swimming pool filter area
- athletic fields
- playground areas

OFF-SITE

- major highways (chemical transport)
- airport (flight path)
- railroad
- certain industrial sites (refineries, etc)
- creeks

This list can be used as a guideline to help assist in the development of the building level site of potential emergencies. It may not be all-inclusive.

SCHOOL SAFETY AUDIT CHECK LIST**Date:**

Directions: Use the following checklist to assess the school's strengths and weaknesses in the Safety and Security of buildings and Grounds. An element may be in place (check Yes) but at a minimal level (check improve). If the element is missing, check No if the school plans to implement this missing criteria or function, check implement.

Yes	Improve	No	Improvemen t	Safety and Security of Buildings and Grounds
				<u>School Exterior and Play Areas</u>
				<u>Windows and Doors</u>
				Entrances to school property can be observed from the school and are adequately secured after hours
				If campus style, doors are locked when classrooms are vacant
				Ground floor windows: no broken panes and locking hardware in working order
				Basement windows are protected with grill or well cover.
				Outside hardware has been removed from all doors except at point of entry.
				<u>Play Areas</u>
				Play areas are fenced
				Good visual surveillance of play equipment is possible
				Vehicular access to play areas is restricted

B

**B. PLANS FOR TAKING THE FOLLOWING ACTIONS IN
RESPONSE TO AN EMERGENCY WHERE APPROPRIATE**

EMERGENCY CLOSINGS

In the event it is necessary to close school for the day due to inclement weather or other emergency reasons, announcement thereof shall be made over local radio stations designated by the Board of Education.

When school is closed, all related activities, including athletic events and student activities, will ordinarily be suspended for that day and evening.

The attendance of personnel shall be governed by their respective contracts.

EARLY DISMISSAL RECOMMENDATIONS

In the event of an imminent emergency that requires specific **EARLY DISMISSAL** procedures, they are as follows:

The EARLY DISMISSAL procedure will be implemented when a situation such as heavy snow warning, etc. is imminent. This would occur at any time of the day after the children are on their way to school, or while school is in session. The district order would be given by the superintendent of the school district.

1. Contact each district's transportation department to provide for go home procedure.
 - a. Teachers and students return to homeroom.
 - b. Attendance of all students should be taken by teachers.
 - c. Names of students not accounted for should be referred to office.
 - d. Teachers and students should remain in place until directions for dismissal are given.
 - e. Good conduct and discipline standards are to be enforced.
 - f. Special considerations should be given to:
 1. Students with Special Needs – contact transporting agency
 2. Student drivers dismissed to go home if situation permits
 3. Day care children – notify parents to pick up children
2. Information for reason of early dismissal may be shared with teachers and students as deemed necessary.
3. Information:
 - a. Explanation of situation
 - b. What is being done
 - c. Anticipation of length of time
4. Communication with parents or media as necessary.

EVACUATION RECOMMENDATIONS

In the event of an imminent emergency that requires specific **EVACUATION** procedures, they are as follows:

1. The central office, emergency coordinator or building administrator, upon realization or notification from a public official (fire chief, police officer, local or county disaster official), of a natural or man-made disaster will notify one another of the impending emergency and inform each other of the current situation.
2. Contact with local fire or police will be made by the building administrator.
3. The building administrator will inform his/her staff of the decision to evacuate and where the building population will be evacuated to.

Items to consider for evacuation:

- a. Total accountability of students and staff
- b. Students/Staff with Special Needs
- c. Transportation – District
- d. Time of travel and length of stay – temporary
- e. Notification of parents/guardians
- f. If short term sheltering is necessary, notify the site(s) the occupants will be taken to.

NOTE: Standard fire evacuation procedures should be used.

4. Building office staff should secure pertinent resource information such as emergency cards, computer data disks with student information, etc. Teachers should carry plan book or class registers.
5. Transportation needs.
6. Students should prepare for evacuation **AS TIME PERMITS**
 - a. Coats, lunches, books
 - b. Consideration to walkers and students with cars

HOLD/SHELTER IN PLACE/LOCATIONS

Shelter in Place

There are times when it is necessary to move the school population to a single or multiple location(s) in the school building. This is called a “Shelter in Place”. In most cases, a shelter in place is done when there is a threat of or actual weather related incident or a bomb threat.

Shelter in Place Objectives

- To minimize injury death.
 - To locate and contain any device or weather damage.
 - To facilitate emergency responses.
 - To establish safe routes and designated areas.
1. The HOLD/SHELTER procedure may be implemented in two ways:
 - a. HOLD/SHELTER in place:
 - Teachers and students remain in assigned rooms.
 - All students should be accounted for roll-call by teachers.
 - Names of students not accounted for should be referred to attendance officer.
 - Teachers and students should remain in place until either given further directions or released by building administrator.
 - Good conduct and discipline standards are to be enforced.
 - b. SHELTER in location(s):
 - Teachers and students will be given directions as to where to assemble.
 - Movement of students to locations should be done in a quiet, orderly fashion.
 - Students should be accounted for by roll-call by teachers.
 - Names of students not accounted for should be referred to attendance officer.

NOTE: Use central locations during non-weather emergencies or when occupants are not in danger of structural failure.
 2. Superintendent notification.
 3. Information about the situation should be shared with teachers and students as deemed fit. This should be done by best communication method.
 4. Information:
 - a. Spoken in a calm, controlled manner.
 - b. Explain the situation.
 - c. What is being done.
 - d. Anticipation of the length of time.
 5. Communications with parents or media may be necessary.
 6. Dismissal or evacuation procedures should be done in an orderly manner (if necessary).

LOCKDOWN

In the event of an imminent emergency that requires specific **LOCKDOWN** procedures, they are as follows:

The lockdown procedures will be implemented when the building administrator has become aware of a situation in which students and staff should be kept in locked rooms within the school building. These procedures may be implemented as a result of an intruder in the building, hostage situation or a biological threat. Lockdown may be activated at any time of the day and will affect the entire building.

Lockdown-Procedures:

- **Lockdown** will be announced by intercom, public address system, or otherwise. Do not use codes. **Call 911 and report your situation. Consider a lockout for adjacent school buildings as well.**
- **Immediately** gather students from hall ways and areas near your room into your classroom or office. This includes common areas and restrooms immediately adjacent to your classroom.
- **Lock** Classroom door(s) and have students take a seated position on the floor next to the wall out of view from the door window. Stay out of sight.
- **Do Not** cover window.
- **Leave** the window blinds and lights as they are.
- **Document and Attend** to any injuries as well as possible.
- **No One** should be allowed to enter or leave a classroom or office under any circumstances.
- **Do not answer or communicate through your locked door.**
- **Do not allow anyone into your 'secured' area.**
- **Do not answer a classroom telephone.**
- **Do not respond to a Fire Alarm unless imminent signs of fire are observed. Doing so could compromise the safety of those already secured.**
- **Do Not** talk within your secured area, except only as absolutely necessary.
- **Do Not** respond to the intercom, public address system, or other announcements.
- **Take Attendance** – include additions. Missing students' last known locations should be noted. Keep this record for when you are released from the lockdown.
- **Lockdown will end ONLY when you are physically released from your room by emergency responders or other authority.***

*Responding law enforcement should have master key to conduct the release. Do not rely on school personnel with keys to be available to assist in the release.

FACILITIES AGREEMENTS

STATEMENT

Lancaster Central School District has adopted agreements with state, county, and other agencies as appropriate for the use of school district building facilities and vehicles during a period of natural or man-made disaster, Facility Agreements with local public and private agencies for use of their facilities on a short term basis to house staff and students have been arranged.

Arrangements for school building facilities to be used as disaster shelters are coordinated through the Greater Buffalo Chapter, American Red Cross, Department of Emergency Services. These shelter agreements authorize their use of the building facilities for any natural or man-made disaster. The use of the building facilities is not restricted to only school district staff and students, but for any group as the need and location arises.

Notification of facility use will be made by:

1. School requesting the Red Cross to provide sheltering facilities as dictated by the emergency.
2. Local, county or state agency requested the Red Cross to provide sheltering facilities as dictated by the emergency.

The Red Cross will staff the shelter and will supply materials and food as needed. If school district supplies are drawn upon during the time of the disaster, or if the building becomes damaged as a result of use or misuse, then the Red Cross will reimburse the school district.

Lancaster Central School District

AGREEMENT

As a response to a natural or man-made disaster,

Facility Name

Hereby agrees that its facilities located at:

may be used as a temporary shelter of students attending one or more schools belonging to the Lancaster Central School District.

In consideration for the granting of such permission, the Lancaster Central School District agrees that the following conditions shall prevail:

- a. Notification will be given prior to student arrival.
- b. Students will be supervised by district personnel.
- c. Transportation will be notified to pick up students as soon as possible at your location.

COMMUNICATION RECOMMENDATIONS

Within Buildings

1. Use of the public address system by an administrator or his/her delegate to provide information and/or direction to staff and students.
2. If unable to use electricity or public address system failure:
 - a. If there is NO time problem, an administrator or designee may walk through the building and inform faculty, staff and students of information and directions.
 - b. Use of a personnel delegate to communicate messages from chief administrator in charge to each floor and wing of the building. There should be as few persons as possible responsible to carry messages by word-of-mouth, as the more people used, the greater the chance of students and staff receiving misinformation.
 - c. The use of strategically located portable 2-way radios/cellular phones may be used throughout the building to help speed communications and relay information using fewer persons.
 - d. Communications may be made easier if students were collected in a centralized location (auditorium, gymnasium, etc.) rather than individual classrooms.

NOTE: In case of electrical system failure, public telephones may still be operational.

Between Buildings

1. Public Telephone – use a designated extension or private line may be kept clear for emergency information between building administrators or their delegates.
2. Portable 2-way radios may be used for communication if buildings are within range of each other. Cellular phones are another option.
3. Better 2-way radio communication may be made by use of a school bus or other school district vehicle operating on the same frequency.

RECOMMENDATIONS:

1. Each school should have at least two dependable portable radios/cellular phones which have a battery back-up system with extra batteries that may be used in an emergency.
2. Each school should have at least one dependable scanner which can be programmed to emergency information frequencies (weather, police, fire). This scanner should have a battery back-up system with extra batteries.
3. Each school district should have access to a minimum of two (2) cellular phones.

D. CHAIN OF COMMAND

LANCASTER CENTRAL SCHOOL DISTRICT CHAIN OF COMMAND

VARIATIONS OF EMERGENCIES AND CHAIN OF COMMAND

There are three variations of emergencies which may present themselves to a school district:

1. Emergency situation within the school district is managed by the Superintendent, unless authority is shifted to the District Emergency Coordinator.

In this situation, the Superintendent or Emergency Coordinator is in control, and makes their own decisions to remediate the situation.

2. Emergency incident within the school district which requires the assistance of an outside agency.

When the Fire Department is called by the school district, then the fire chief or ranking officer is in charge. The school district planning committee should then act as a resource and coordinating agency within the school district.

When a law enforcement agency is called by the school district, the building administrator remains in charge. However, the law enforcement agency's recommendations should be fully complied with.

3. Emergency incident at local, county, state or national level where notification of the school district of the emergency is done from outside sources.

In the event of a large scale emergency, the outside coordinating agency (most likely the county) will be in charge and again the school district emergency coordinator and planning committee will act as a resource and coordinating agency within the school district.

SCHOOL DISTRICT EMERGENCY COMMAND/RESOURCE CENTER

Primary Location: Lancaster Administration
177 Central Avenue
Lancaster, NY 14086
686-3200

Alternate Location: Lancaster Senior High School

DUTIES OF DISTRICT-WIDE INCIDENT COMMAND AND OPERATIONS STAFF

Incident Commander (IC) <i>(Superintendent)</i> <i>Chief Emergency Officer</i>	Develop Incident Action Plan (IAP). Has overall responsibility at the incident or event. Sets objectives and priorities based on agency direction.
Deputy Incident Commander <i>(Superintendent Designee)</i>	Supports the Incident Commander in any capacity needed. For long term or large scale incidents, may act as Incident Commander during break periods/ rest periods.
Public Information Officer (PIO) <i>(Superintendent/Designee)</i>	Is the primary point of contact during an incident. Will work in conjunction with law enforcement and emergency services and public information officer at press briefings. ALL media contact will be through this individual.
Liaison Officer <i>(Director of Facilities, Building Principal)</i>	Will be the agency representative with outside agencies responding to the emergency event. Keeps Incident Commander informed of situation status.
Operations Officer <i>(Building Principal, Director of Facilities)</i>	Develops tactical organization and directs all resources to carry out the Incident Action Plan (IAP).
Logistics Officer <i>(Director of Facilities, Building Principal)</i>	Provides resources and all other services needed to support the incident.
Planning Officer	Develops the Incident Action Plan to accomplish the objectives. Collects and evaluates information, maintains status of assigned resources.
Finance/Administration <i>(Business Official)</i>	Monitors costs related to the incident/event. Provides accounting, procurement, time recording, cost analysis and overall fiscal guidance for the incident/event.

BUILDING LEVEL RESPONSE TEAM ROLES DEFINED

Primary Operations Administrator	Building Principal/Designee
Communications Liaison	Send and receive messages to and from outside personnel as needed by principal and other listed coordinators.
Emergency Services Liaison	Meet and coordinate first aid and other medical services.
Evacuation Site Coordinator	Sending site coordinator who will prepare to release the students to the new location and oversee the operations on this site until the main site is closed down and the Primary Operations Administrator arrives at the alternate site location.
Parent/Guardian Liaison	Handles all communications with parents and oversee the release of students after all attendance procedures are completed at the alternate site.
Site Management Attendance Coordinator	Assists in the attendance accounting for all students and adults at the alternate site before the release of any students. He/she will be assisted by the attendance personnel when they arrive from the primary site.
Transportation Coordinator(s)	Will receive and direct the buses when they enter the primary site to remove the students to the alternate site. The bus numbers and designations will be communicated to the primary site office or its alternate location for announcement to the teachers for dismissal and loading.
Mechanical Services Liaison	Assists the emergency services personnel locate key information and gain access to all parts of the primary site. He/she will secure the site after all intended personnel are relocated off the primary site.
Off-Site Emergency Coordinator(s)	Arrive at the alternate site before the arrival of the students and prepare the site for their arrival. Identify key areas which need to be opened and made ready. Make provisions for the other key personnel who will assist in the accounting and communication duties required to care for and later release the students to their parents. They will remain in charge of the alternate site until the arrival of the Primary Operations Administrator or the Evacuation Site Coordinator at which time they will support these personnel in their duties.
Other Personnel	Will assist in the accounting process and maintenance of order.

PUBLIC INFORMATION/ MEDIA NOTIFICATION PLAN

As media personnel arrive to cover a story, they should be directed to a media staging/reception area and should not be allowed to interview students without expressed permission.

Media Site Selection

Several factors should be considered when selecting a site to which the media can go and from which information will be dispensed:

- | | |
|---------------------------|--|
| Physical Space: | Select a room or area that will accommodate a media conference attended by several news agencies and school support staff. |
| Containment: | Ensure the site does not permit access by the media to the Command Post or student population. |
| Necessary Accommodations: | Choose a location that permits direct access to rest rooms and telephones and has sufficient electrical outlets and space for equipment. |

Dissemination of Information

The Superintendent of Schools, or designee, will act as the Public Information Officer (P.I.O.) or Media Coordinator to work with the media during a crisis. The individual assigned this duty assumes responsibility for organizing the details.

During the crisis the Public Information Officer, P.I.O./Media Coordinator should greet reporters, direct them to the media staging area where they will be provided a news conference or press release.

Recommended Policy

The School District Superintendent will assign the P.I.O. or Media Coordinator for the district.

If there is a police or emergency service presence, release of information will be coordinated with the information officers from those agencies.

The P.I.O. for police, emergency services, and the school district will act as liaison to the media and coordinate press conferences and media deadlines.

Confidentiality and privacy issues regarding the identity of juveniles, staff members, and their involvement in a particular situation must be monitored very closely to prevent unauthorized disclosure of information.

The school district, police, and emergency services have an obligation to keep the media aware of significant developments as long as the investigation, actions, and/or locations are not compromised or parents/spouses are not unnecessarily alarmed.

Announcing to the media that only one person will be releasing information usually will prevent attempts to obtain information by circumventing the authorized channels.

If an arrest results from the situation, the police agency should coordinate this announcement through the school district spokesman and school superintendent so necessary steps can be taken by the school to prepare the faculty, students, and parents.

Tips for the P.I.O.

Ensure all media inquiries are routed to one person or office.

Prepare an official statement about the crisis and action being taken. Include information to answer the basic who, what, when, where, why, and how questions.

Do not reveal names of students or employees involved in the incident, without prior approval from the responding police, emergency services, and the school's legal department.

When responding to the media, use the prepared official statement as your guide.

Distribute the prepared statements to teachers, staff, and students, and ensure that they are given accurate and consistent information.

P.I.O. Guidelines

Be brief.

Avoid providing superfluous information or using professional jargon.

Do not appear to be concerned mainly about the schools reputation.

Anticipate questions, especially on potentially controversial issues.

Keep calm. Show sensitivity to the seriousness of the matter, but do not overreact.

Answer one question at a time and answer only the question that is asked.

Do not treat anything as “off the record.”

As official spokesperson, do not hesitate to say, “I don’t know” or “I will have to get back to you.”

Do not reply “no comment.” This infers that information is being withheld.

Ignore abrasive comments made by reporters and maintain a professional attitude.

Provide updates to the media as events unfold, even after the initial crisis is handled.

Remember to follow up when information is available; bear in mind that the public has a right to know and understand what has happened.

E

E. PROCEDURES FOR ANNUAL MULTI-HAZARD SCHOOL TRAINING FOR STAFF AND STUDENTS

The Lancaster Central School District will ensure that Annual Multi-Hazard Training is made available to staff and students. The annual submission to NYSED of the school district's PDP (Professional Development Plan) will include allocated training blocks for anti-violence and multi-hazard training. Students and staff members will receive written information at the beginning of the regular school year summarizing the schools basic hazard plans and the availability of additional information and participation for those who desire. The Lancaster Central School District will work cooperatively with emergency management and law enforcement officials to ensure training is effective and appropriate, as well as consistent with local municipal disaster plans.

Additional examples of training or awareness refreshers that may be performed include:

- Evacuation Procedures
- Sheltering Procedures
- Lockdown Procedures
- Lockout Procedures
- Medical/AED Emergencies/Mental Health Response
- Emergency Response Team Instruction or Rehearsal
- Communication Training & Validation
- Transportation Emergencies
- Public Information Scenarios
- Early Dismissals/Non-Scheduled Parental Release
- Reviewing the Roles & Responsibilities of the Emergency Chain of Command Implementation (ICS)

F

F. PROCEDURES FOR THE REVIEW AND CONDUCT OF DRILLS AND OTHER EXERCISES TO TEST THE COMPONENTS OF THE PLAN.

The Lancaster Central School District, in coordination with local and county emergency responders, will conduct and review drills, such as tabletops, that are components of the Comprehensive District Wide Multi-Hazard Plan. The Lancaster Central School District will annually prioritize and schedule drills in conjunction with local and county officials. At the completion of any scheduled drill, the Lancaster Central School District and local and county emergency responders will conduct an after action review of the sequence of events, and will update the Multi-Hazard Plan to reflect lessons learned.

After Action Reviews (AAR) should include perspectives from representatives of all exercise participants, with emphasis on community responders and subject matter experts. A properly conducted AAR will seek to document three important aspects of the event/training. The three aspects should include:

1. What went well? Positive reflections of the good things that happened (things to reinforce).
2. What needs improvement? Reflections upon the things that will require additional improvement and practice.
3. Identify the important issues or key aspects of any given event or drill. Individuals should be encouraged to offer a potential course of action when identifying deficiencies.

Events that should be reviewed for lessons learned may include:

- Evacuation/Fire Drills
- Hold in Place/Shelter in Place/Locations Drills
- Lockdown Drills
- Medical/AED Emergencies Refreshers
- Emergency Response Team Instruction or Rehearsal
- Communication Checks/Validation
- Transportation Emergencies
- Public Information Releases (Actual or Notional)
- Early Dismissals/Non-scheduled Parental Releases
- Any event that requires the deployment of local emergency response personnel (i.e. Fire Alarm, Ambulance Call, Arrest on Campus).

TABLETOP EXERCISES

What are they?

An activity in which key staff are presented with simulated emergency situations without time constraints. Key staff should include school personnel, local and county emergency officials.

The exercise should be:

1. informal
2. carried out in a conference room environment
3. designed to elicit constructive discussion by participants as they attempt to examine and then resolve problems based on existing plans
4. beneficial for participants to evaluate plans and procedures and to resolve questions of coordination and assignment of responsibilities in a non-threatening format with minimum stress.

The Process

The tabletop, in its simplest form, begins with a simulated event that is usually described in a narrative.

The Purpose

To create for the players an “emergency” scene to which they will respond. Response is made to a set of problems related to the emergency scene.

Discussion

Takes place among the participants to solve the problems presented using the resources available to them.

Deliberate Attempt

To examine basic emergency planning and resource allocation problems without concerns for:

1. time pressures
2. stress
3. actual simulation of specific events
4. the ability to discuss decisions in depth with an emphasis on slow-paced problem solving rather than rapid, spontaneous decision making.

Comments:

1. In the event of imminent danger due to a natural or man made disaster, the facility will be notified by phone or intercom. Staff and students will be notified to take cover.
2. Staff and students should be directed to the designated shelter areas. These could include: basements and hallways on the ground floor that are not parallel to the tornado=s path, which is usually from the southwest.
3. **Never** use gymnasium, auditorium, or other rooms with wide, free-span roofs.
4. Teachers and students **should know** their designated shelter areas.
5. Children in school rooms of weak construction, such as portable or temporary classrooms, should be escorted to sturdier buildings or to predetermined ditches, culverts, or ravines.
6. When staff and students are assembled in school basements, interior hallways or ditches, culverts or ravines they should assume the proper position. This position is everybody down; crouch on elbows and knees; and hands over back of head.
7. School Bus Drivers should be instructed to use the procedures stated in #5 and #6. If their bus is caught in the open and a tornado is approaching. They should be far enough away so the bus does not topple on them.

B. CIVIL DISTURBANCES

BOMB THREAT GUIDELINES

General

- A bomb threat, even if later determined to be a hoax, is a criminal action. No bomb threat should be treated as a hoax when it is first received.
- The decision whether or not to evacuate is dependent upon information received in the threat, and how credible that information is.
- Two alternatives to evacuation are *compartmentalization* and *pre-clearance*.
 - Compartmentalization relies on students remaining in their present locations while school administration and authorities assess and investigate the threat. Variations of compartmentalization – such as moving certain segments of the school population based upon new or developing information – can also be utilized in an effective response.
 - Pre-clearance relies on anticipating a threat, and conducting pre-clearance and security screening. (see page 3).

Receiving Bomb Threats

Written Threats

- Contact Police (911)
- Anyone receiving a written bomb threat must immediately notify the school building administrator.
- Handling of written bomb threat should be kept to an absolute minimum, since it may be used as evidence in a criminal investigation.
- Fingerprints may be taken from the note to help determine its source.
- A threat written on a bathroom wall, mirror, or stall should not be removed until it is viewed or documented (photographed) by law enforcement.

Telephone or Other Verbal Threats

- Contact Police (911)
- Anyone receiving a written bomb threat must immediately notify the school building administrator.
- The **NYSP Bomb Threat Instruction Card** should be placed next to telephones that are most likely to receive such calls.
- The bomb threat caller is the best source of information about a possible bomb.
- It is desirable that more than one person listens in on the call.
- Persons likely to receive a threatening call (switchboard) should receive special training and have a list of emergency agency telephone numbers available, as well as the telephone numbers of school officials to be immediately contacted.

BOMB THREAT GUIDELINES (Con't.)

- If possible, the telephone threat should be taped.
- Caller identification or other types of tracing devices should be considered.

Information to be asked of the caller includes:

- Where is the bomb located?
 - When will the bomb go off?
 - What does the bomb look like?
 - What kind of explosive is involved?
 - Why was the bomb placed?
 - What is your name? (The caller may be caught off guard and give you his or her name).
- Also note: time of call; language used by caller; gender; approximate age; speech characteristic (slow, fast, soft, disguised, intoxicated); noticeable background noise (music, motors running, street traffic).

Suspicious Packages

- Contact Police (911).
- Anyone receiving a suspicious package must immediately notify the school building administrator.
- Mail bombs can be contained in letters, books, and parcels of varying sizes, shapes, and colors.
- Letter bombs may feel rigid, appear uneven or lopsided, or are bulkier than normal.
- The container is irregularly shaped, asymmetrical, and has soft spots and bulges.
- There may be oil stains on the wrapper. The wrapper may emit a peculiar odor.
- The package may be unprofessionally wrapped and be endorsed with phrases such as "Fragile – Handle with Care," "Rush – Do Not Delay," "To Be Opened in the Privacy of _____," "Prize Enclosed," or "Your Lucky Day is Here."
- There may be cut and paste lettering on the address label.
- The package may have not postage or non-cancelled postage.
- The package may exhibit protruding wires, foil, string, or tape.
- The package may emit a buzzing or ticking noise.
- A suspect letter or package may arrive immediately before or after a telephone call from an unknown person asking if the item was received.

BOMB THREAT GUIDELINES (Con't.)

- o **Do not open** or squeeze the envelope or package.
- o **Do not pull** or release any wire, string, or hook.
- o **Do not** turn or shake the letter or package.
- o **Do not** put the letter or package in water or near heat.
- o **Do not** touch the letter or package, thereby compromising fingerprint evidence.
- o **Do** move people away from the suspected envelope or package.
- o **Do** notify the state and/or local police (911).
- o **Do activate your emergency plan for dealing with bombs.**

Investigating Bomb Threats

- Appropriate law enforcement agencies must be notified.
- Be aware of availability and limitations of specialized emergency services- including bomb squads, hazardous materials management, county, and state emergency management agencies.
 - o Be aware that law enforcement agencies generally do not initially send out bomb sniffing dogs.
 - o Bomb sniffing dogs have a limited time of efficiency so that their use is carefully considered.
- The school district administrator makes the decision regarding evacuation, continuation, or dismissal of school – first responders can assist and consult with them to make their decision (joint decision making – unified command).
- Police may enlist the assistance of the school faculty/staff who are familiar with the building and can recognize objects that do not belong or are out of place.
- Scanning does not involve touching or handling a suspect object.
- Once the incident has been resolved and no longer poses a danger, a full threat assessment inquiry should be conducted on the person making the threat if one is identified.

PRE-CLEARANCE AND SECURITY SCREENING IN LIEU OF EVACUATION (DURING TESTING)

- It is strongly recommended that school officials carefully coordinate this option in cooperation with local law enforcement officials.
- This option may only be implemented prior to the receipt of an actual bomb threat,
And
- Only after building and grounds have been “cleared” at the start of the day and continually monitored throughout the day.

BOMB THREAT GUIDELINES (Con't.)

- This option may be appropriate when a school reasonably anticipates the receipt of a bomb threat or if there is a particular concern over the possibility of a bomb threat. (During the administration of Regents examinations or during other school-wide events).

School Employee Involvement

- Schools may form teams of volunteers from administration, faculty, and staff to assist in sweeping a building or grounds for anything that looks out of place.
- Prior to an incident, school officials should make certain that people who volunteer in the school building, such as parents or other community members, are trained and aware of their responsibilities.
- School employees who volunteer or by job duty are assigned to assist, should have access to building keys, floor plans, and information about shut-off valves for heat, electricity, water, and ventilation (HVAC).

New York State Police Threat Assessment Model, (2007)

Threat reported to principal

- Assemble school threat assessment team**
- Conduct threat assessment – assign a central point of contact
 - Include School Resource Officer (SRO) if one exists, otherwise consult law enforcement
 - Immediately ask “How much time do we have?”
 - Decide how to handle a “student of concern” pending the outcome of the threat assessment (should allegations be unfounded)
 - Revisit/revise threat assessment plan if necessary

- Evaluate threat**
- Utilize an “integrated systems approach” relying on information from all who have interaction with the student
 - Consider facts that drew your attention to the student, situation, and target-obtain first-hand, specific accounts of the threat by interviewing recipients, witnesses, and student who made the threat-document/photograph/record all
 - Establish/maintain contact with the student
 - Obtain/consider information about the student-identifiers, background information, current life situation and circumstances
 - Consider the circumstances in which the threat was made, student’s intentions, motives, and target selection

- Decide whether threat is clearly *transient* or *substantive***
- Is there information to suggest that this student is on the path to an attack?
 - Has any pre-attack behavior been identified?
 - Is the student engaging in behavior that indicates furthering a plan or building capacity for a violent attack?
 - Consider whether the student *poses* a threat, or simply *made* a threat
 - Has the student broken a law?- → Contact law enforcement

- Respond to transient threat**
- School discipline, parent notification, and counseling

Decide whether substantive threat is plausible or imminent

Plausible

- Respond to plausible threat**
- Take immediate precautions to protect potential victims
 - If threat involves a possible crime contact law enforcement
 - Notify potential victim, and victim’s parents/guardians (if victim is a student)
 - Notify “student of concern’s” parents/guardians
 - Connect student to services and support systems
 - Discipline student as appropriate

Imminent

- Respond to imminent threat**
- Immediately contact law enforcement
 - Take immediate precautions to protect potential victims
 - Execute appropriate emergency response (lockdown, lockout, shelter-in-place) if necessary
 - Notify “student of concern’s” parents/guardians
 - Initiate mental health evaluation procedures
 - Discipline student as appropriate
 - Be cognizant of items of an evidentiary nature that may be needed in a possible criminal prosecution

B. MEDICAL EMERGENCIES

Response Action:Person(s) Responsible:

- | | |
|--|---|
| 1. Summon help or request someone call for help | 1. First person on scene |
| 2. Identify the stricken person | 2. First person on scene, trained medical personnel |
| 3. Protect the injured or ill person from further injury | 3. First person on scene, trained medical personnel |
| 4. Comfort the victim and administer first aid, if necessary | 4. Trained medical personnel |
| 5. Assess the need for further medical attention | 5. Trained medical personnel |
| 6. Notify Building Administrator | 6. Trained medical personnel |
| 7. Notify parent or guardian | 7. Building Administrator |

RECOMMENDATIONS:

In each case, the guiding principles are to provide appropriate emergency care until competent medical or parental care is secured. Emergency care is not authorized beyond proper first aid. First aid is treatment such as will protect the life and comfort of the victim until authorized medical treatment is available or, in the case of a student, until the child is placed under the care of the parent or guardian.

Signed instructions for emergencies from parents, guardians and from school personnel should be on file in the school medical office and the school main office. These signed statements should include the name and age of the person (pupil or employee) name, address and telephone number where one or both parents may be reached at home and at work; name, address and telephone number of another person who has agreed to care for the child if the parent cannot be reached; name, address and telephone number of the family physician (or Christian Science practitioner), family dentist, and preferred hospital; written authorization from the parent for school personnel to call the physician or hospital in serious emergencies when the parent cannot be reached; religion of the victim; and any special condition which should require special handling.

A list of all students and staff having special medical problems such as hypersensitivity to allergens, diabetes, epilepsy, etc.

Response Action:Person(s) Responsible:

- | | |
|---|---------------------------------|
| 1. Relocate pupils away from danger area | 1. School bus driver, students |
| 2. Render first aid to injured persons | 2. Qualified person(s) on scene |
| 3. If necessary, request emergency assistance.
Ambulance, fire department and/or police | 3. Qualified person(s) on scene |
| 4. Notify Building Administrator, if needed. Request
spare vehicle to transport uninjured pupils | |
| 5. Identify the victims and where they are being
transported to | 5. Qualified person(s) on scene |
| 6. Notify parents or spouse of the victims | 6. Building Administrator |
| 7. Complete School District Accident Report Forms | 7. School Nurse |

C. PARENT(S)/SPOUSE(S) AND RECEPTION CENTER NOTIFICATION PLAN

Utilize telephone lists or television and radio media to notify parents and spouses of an emergency involving an occupied school facility.

Designate a reception center at a location away from the incident. Provide this information during the notification process.

Several factors should be considered when selecting a reception center. They are as follows:

Physical Space:	Select a site that will accommodate a large influx of people to include parents and/or spouses and district representatives.
Containment:	Ensure that the site does not permit access by the media and is isolated from the Incident Command Post (I.C.P.), Emergency Operation Center (E.O.C.), and student body.
Necessary Accommodations:	Select a location that permits direct access to rest rooms and telephones and allows for the serving of refreshments. Several rooms should be made available for grieving family members and counseling sessions.
Support Personnel/Agencies:	If the situation warrants, station counselors, members of the clergy, medical personnel and Critical Incident Stress Debriefing Team at the reception center. A law enforcement/emergency services representative should be at the site also.
Dissemination of Information:	The Superintendent of Schools should assign, in advance, a staff member as the liaison/information specialist to work with the parents/spouses during a crisis. The individual assigned this duty must assume responsibility for arranging the details and providing accurate, up-to-date information regarding the incident.

C. SAMPLE**THREATS OF VIOLENCE IN THE SCHOOL: NOTIFICATION TO PARENT/GUARDIANS**_____
(Date)

Dear Parents/Guardians:

Due to recent events which have occurred in schools throughout the country, our school district has placed renewed efforts and priority on helping to ensure a safe and secure school environment for our students and staff, and to implement measures to prevent school violence.

We are asking your cooperation in helping us address the issue of violence in our schools. It is only through cooperation with the home that the schools can be successful in implementing appropriate standards of student behavior.

Attached to this letter is a copy of our School District Policy addressing Threats of Violence in the School. We have also enclosed for your review a copy of a summary of the *Code of Conduct for the Maintenance of Order on School Property* which provides a list of sample proscribed activities (which is not intended to be exhaustive), as well as the range of disciplinary actions which may be taken. The complete *Code of Conduct* shall be available upon request.

Effective immediately, if your child threatens violence against others, whether staff and/or students, or makes threats involving the school or school buildings, he/she will face immediate disciplinary action as well as possible referral to local law enforcement agencies.

Additionally, the school district retains the right to seek restitution for any costs or damages incurred as a result of a student's actions and/or threats, such as the evacuation of the school building.

We are requesting that you discuss with your child the importance of his/her cooperation in reporting threats of violence against others, suicide threats, or threats involving the school building by calling the school hotline or reporting the threat to faculty members or the building principal.

Please discuss the attached Policy and *Code of Conduct* summary with your child, and sign and return the bottom portion of this form to the classroom teachers within the next seven (7) days.

Sincerely,

(Principal)

Please detach and have your child return to his/her classroom teacher.

My child, _____, and I have read, discussed and understand the Policy addressing Threats of Violence in the School and the *Code of Conduct* summary.

EMERGENCY CLOSINGS

The superintendent is empowered to close the district schools, delay the opening, or to dismiss students early in the event of hazardous conditions, including weather, which threaten the safety of students.

In making the decision to close schools, either the superintendent or his/her designee shall consider many factors, including the following:

- 1) The availability of parent(s)/guardian(s) to receive the student at home in the event schools should be dismissed early.
- 2) The health and safety of students remaining in a school environment.
- 3) Weather conditions, both existing and predicted.
- 4) Driving and traffic conditions affecting public and private transportation facilities.
- 5) Continuance or discontinuance of the operations of business, commercial and professional people in the area.

Facts will be assembled from the appropriate agencies and organizations before any decisions are made. For example, the Highway Department, Police Department, Weather Bureau, transportation companies and other governmental agencies, as needed, will be called.

Following the decision, communications will begin for the total notification of the students and staff. Either the superintendent or his/her designee shall notify the public media. Employees should listen to broadcasts beginning at 6:00 o'clock a.m. Any employee who is doubtful about reporting should contact his/her immediate supervisor.

Delayed School Plan

When it appears likely that weather and/or street conditions will improve later in the morning, a "delayed school opening" announcement may be made to the public. Employees shall make an effort to report to their assignment at the regular starting time.

"A" Schedule (One hour delay in all school starting times):

All schools will begin one hour later than normal starting times and dismiss at regular time.

"B" Schedule (Two hour delay in all school starting times):

All schools will begin two hours later than normal starting times and dismiss at regular time.

EMERGENCY CLOSINGS – Continued

Early Dismissal School Plan

When a sudden, unanticipated emergency condition, including weather alert, arises after school has commenced, and it is deemed appropriate to close schools and offices, the following actions will be followed:

- 1) The media will be called and the public will be informed of the decision.
- 2) Schools will be dismissed with dismissal time arranged to parallel the arrival of buses. No staff member may leave his/her assignment until all students have left the building (unless authorized to do so by the principal).
- 3) Elementary students can be released to the custody of their parent/guardian or another designated adult.

Staff Assignments

The superintendent is responsible for the effective operation of the school district at all times. Under Education Law, Sections 1711 and 3012, the superintendent is empowered to require certain groups of employees to work while other employees are not required to work because the absence of students reduces the productivity of these employees.

When schools are officially closed for students due to inclement weather or other emergency conditions:

- 1) In general, school-based personnel will not report with the exception of the building plant operators, custodians, maintenance, and janitorial staff, as per negotiated agreement.
- 2) The Director of Facilities, the transportation supervisor and the superintendent will report to work, along with other designated employees.
- 3) Principals will remain responsible for security of their schools and for seeing that the building and grounds are made as ready as possible for school on the next scheduled day.

Parent/Guardian Notifications

Principals have the responsibility to urge parents/guardians to make plans for the emergency supervision of their children should an all-day closing, a delayed opening, or an early closing of school be necessary.

Radio announcements or telephone trees may be used to notify staff members.

SECURITY

LANCASTER CENTRAL SCHOOL SECURITY MEASURES

All student occupied facilities have taken the following security measures:

ACCESS CONTROL SYSTEM

All visitors must enter through the main door of each building. Access is gained after visitor identifies self through speaker directed to main office personnel. Access is gained when main office personnel trigger the door unlock mechanism which allows main door to unlock allowing visitor entrance into the building.

Signage directs visitors to sign in at main office and record time of visit. Each visitor receives visitor tag and is instructed to wear tags while visiting.

HALL MONITORS (see also p. 5400)

Hall monitors are utilized in the following school buildings:

High School

Middle School

William Street School

OTHER PERSONNEL

The district also has additional personnel that are essential to the security of all students and staff such as registered nurses, school psychologists, social workers, safety risk specialist, and guidance counselors. In addition, the District's Safety Committee deals with safety issues. This committee includes representatives from all major sectors of the district.

B

The Lancaster Central School District recognizes the importance of disseminating informative materials regarding the early detection of potentially violent behaviors to all faculty and staff. A checklist of “Early Warning Signs” for violent acting out behavior will be distributed in all mailboxes with extra copies being available in the Guidance Offices, Main Offices and the Administration Building.

PROJECT “SAVE” (Safe Schools Against Violence in Education)

While violence isn't the only safety issue schools face, the past decade has witnessed numerous acts of tragic violence in schools in all parts of the nation. Since 1992, twenty-two schools throughout the country have experienced multiple victim homicides. In the last three years alone, nine acts of violence on school grounds have resulted in the deaths of twenty-five students and four teachers, and the wounding of another seventy-two students and three school employees. These senseless acts of violence have occurred in urban, suburban and rural communities where people previously believed that such an incident could not happen in their schools. Fortunately, no school in New York State has been the site of the types of horrific violence that have occurred in other schools throughout the nation.

New York State schools, however, are not free of the types of violent student behavior and student victimization that seriously impede the educational progress of students. The 1999 Youth Risk Behavior Survey (YRBS), conducted by the Centers for Disease Control and Prevention, was administered to a representative sample of students throughout New York State high schools. The survey results document the continued presence of safety concerns on the part of many students. Students being threatened bodily harm by beating or with a weapon on school property, bringing weapons to school for protection and students not attending school due to concern for their safety were reported in the survey.

The “SAVE” legislation requires school districts to work collaboratively with local law enforcement agencies to develop strategies that will create an environment that will be conducive to the learning and teaching process.

GENERAL STATEMENT

The _____ Police Department and the Board of Education for the _____ School District recognize that the abuse of alcohol and other drugs and the threat to personal safety are societal problems and the remediation of these problems must begin at the community level. These two groups pledge to adopt a formal “Memorandum of Understanding” that will outline for both the rights and responsibilities each will assume to affect positive change.

Both parties agree that as we ask school personnel to take a more active role in observing the behavior of students and to make decisions about the appropriateness of that behavior, that the role of students, teachers, staff and the law enforcement officials involved must be clearly understood.

PROCEDURE

Any student or school district employee will immediately report any of the aforementioned noncompliance of the school district “Drug Free Policy” and “Gun Free Policy” directly to the Building administrator. The Building Administrator shall have authority to take appropriate action immediately and will notify the Superintendent as soon as is reasonably possible.

MEMORANDUM OF UNDERSTANDING

The _____ School District and the _____ Police Department agree to work collaboratively in developing a “Memorandum of Understanding” that addresses the following:

- 1) The types of incidents that require notification of the police department.
- 2) The expectations of the students, counselors, teachers and administrators regarding the discovery of alcohol and other drugs, or weapons in school, on school grounds or at school sponsored activities.
- 3) The notification process necessary when a student is found in possession of alcohol, illegal drugs or dangerous weapons.
- 4) The procedures outlining the actions of law enforcement officers when contraband is turned over to them by school officials.
- 5) The procedures by which students and parents will be notified of the adoption of this Memorandum of Understanding.

POLICE DEPARTMENT ACTION

- 1) The Chief of Police agrees that any officer responding to the school shall act responsibly to ensure that a trusting relationship is fostered with all school personnel.
- 2) The police will respond to any call relating to violations of the law as soon as is reasonably possible.
- 3) If a student is arrested, notification of parent/guardian will follow the District "Code of Conduct" policy.
- 4) In instances where the removal of the student is essential to insure the safety of himself/herself or others, the police will do so immediately and work with the school district to contact the parent/guardian as soon as is reasonably possible.
- 5) The police will remove any confiscated illegal drugs, drug paraphernalia or dangerous weapons in possession of the school administration.
- 6) The police will cooperate with the school to ensure that the education process is not disrupted whenever possible.
- 7) A designated officer will be appointed to serve on the district "Building Level SAVE Team. (Liaison)
- 8) School Administration will be notified by the police regarding incidents that were reported but not by school administration.
- 9) All police personnel will receive a copy of the procedures

ACTIONS OF SCHOOL PERSONNEL

- 1) The school district will have a procedure in place that will be used to report incidents of abuse, possession of alcohol or drugs, drug paraphernalia and dangerous weapons to school administration.
- 2) All school personnel will receive a copy of the procedure.
- 3) The Building Administrator/Designee is authorized to call the police liaison to report any illegal activity or need for assistance.

WHAT SHOULD BE REPORTED TO THE SCHOOL ADMINISTRATOR

- 1) Possession of alcohol by a minor.
- 2) Possession of illegal drugs or misuse of over the counter drugs.
- 3) The possession of drug paraphernalia.
- 4) Students suspected, found, or admitting to being under the influence of alcohol or other drugs in school or at school sponsored activities.
- 5) The possession of any firearm or other illegal weapon on school property or at school sponsored activities.
- 6) Any time there is a threat of severe bodily harm or homicide to anyone on school property or at school sponsored events.

WHAT SHOULD BE REPORTED TO THE POLICE

- 1) Possession of alcohol by a minor aged 16-20 years old.
- 2) Possession of illegal drugs to include inhalants, marijuana, cocaine, crack, heroin, LSD, PCP, amphetamines, all steroids and designer drugs.
- 3) Any student in possession of or under the influence of alcohol or other drugs for whom a parent or immediate family member cannot be contacted.
- 4) Intoxication of any student that is deemed to be a behavior or safety problem to school personnel or other students or school property.
- 5) Possession of drug paraphernalia as described in the penal law.
- 6) Possession of illegal weapons.
- 7) Where there is a threat of bodily harm or homicide to anyone on school property or school sponsored events, the individual threatened may elect to file a formal complaint with the police department.

The Lancaster Central School District recognizes that students need to be challenged to become the first line of defense against school violence. It is hoped that through intervention training students will be provided with the courage, motivation and leadership skills necessary to aid in preventing school violence by reacting to conflict appropriately and by breaking the “conspiracy of silence.”

E

E. DESCRIPTION OF DUTIES, HIRING AND SCREENING PROCESS, REQUIRED TRAINING OF HALL MONITORS AND OTHER SCHOOL SAFETY PERSONNEL.

The process of establishing the duties for hall monitors and other school safety personnel shall rely on past practice, or be completed by civil service with consultation of the Lancaster Central School District, or shall be determined by the Lancaster Central School District pursuant to applicable Federal, State, County and Municipal guidance. (Example found in appendix)

The Lancaster Central School District is an equal opportunity employer. The Civil Rights Act 1964 prohibits discrimination in employment because of race, sex or national origin. Public Law 90-202 prohibits discrimination because of age. Section 504 of the rehabilitation Act of 1973 prohibits discrimination on the basis of handicap.

The process of hiring hall monitors and/or school safety personnel will follow applicable Federal, State, County and Municipal laws & Guidelines. The qualifications for such positions will be established by civil service when applicable or by the Board of Education. On or after July 1st, 2001, all newly hired school personnel will be required to submit two sets of fingerprints for the purpose of background checks, consistent with the S.A.V.E. Legislation of 2000.

If the Lancaster Central School District uses the service of a contractual security company, the district should verify with the Department of State's License Bureau to ensure that the prospective contractor is an authorized employer in good standing.

If the Lancaster Central School District, a public (exempt) entity, employs at least one security guard, then the district is subject to the Security Guard Act of 1992 (General Business Law § 89-f (5), (7)). Any public entity employing a security guard must ensure that the security guard is registered with the NYS Department of State. The Department of State will only register applicants who have satisfied the requirements established by the Secretary. Registration for a security guard is effective two years. No school district shall knowingly employ a person as a security guard unless: the school district has verified with the Department (State) that such person possess a valid registration card which has not expired or been revoked; or Such school district has filed with the Department (State) in a manner prescribed by rules and regulations promulgated by the

Job Description – Security Guard

Provided by the NYS Department of State

Description

A security guard is defined as a person employed within New York State, other than active police officers and federally regulated personnel, to principally perform one or more of the following duties without performing the functions of a private investigator.

- Protection of individuals and/or property from harm, theft or other unlawful activity;
- Deterrence, observation, detection and/or reporting of incidents in order to prevent any unlawful or unauthorized activity including but not limited to unlawful or unauthorized intrusion or entry, larceny, vandalism, abuse, arson or trespass on property;
- Street patrol service;
- Response to but not installation or service of a security system alarm installed and/or used to prevent or detect unauthorized intrusion, robbery, burglary, theft, pilferage and other losses and/or to maintain security of protected premises.

Registration Requirements

An applicant must file an application with the New York State Department of State's Division of Licensing Services in order to become registered as a security guard. In addition, the applicant must meet the following requirements:

- Complete a minimum of 8 hours of pre-assignment training
- Not have been convicted of a serious offense
- Be of good moral character and fitness
- Not have been discharged from a correctional/law enforcement agency for incompetence or misconduct

Individuals that meet these qualifications, and those indicated below will be issued a photographic ID card signifying that they are authorized to perform security guard functions. Since these ID cards are made by the Department of Motor Vehicles (DMV) using the image on file in their office from the individual's NYS Driver's License or Non-Driver ID card, applicants must provide their 9-digit DMV ID number where requested on their Security Guard application. Once their Security Guard application is approved for registration, the applicant's name and DMV number are sent to DMV to have an ID card made. The Department of Motor Vehicles will mail the ID card to the applicant's residence address on file with the Department of State.
