Math Expectations:
Your child is expected to achieve these skills by 40 weeks

Rote counts to 100 (child is asked to count to 100)
S: all 100 numbers
D: counts 50-99 numbers
N: counts 0-49 numbers

Recognizes numbers to 100 (child is asked to identify numbers)
S: all 100 numbers
D: recognizes 50-99 numbers
N: recognizes 0-49 numbers

Writes numbers to 100
S: all 100 numbers
D: writes 50-99 numbers
N: writes 0-49 numbers

Sorts objects and shares strategies (child sorts block by various attributes)
S: 3 ways and tells how
D: 1-2 ways and tells how
N: unable to sort or tell how

Identifies shapes (circle, square, rectangle, triangle, hexagon, cube, cone, cylinder, and sphere)
S: all 9 shapes
D: 5-8 shapes
N: 0-4 shapes

Kindergarten Math Expectations
Your child is expected to achieve these skills by 40 weeks

Solve number stories (using manipulatives)
S: solves stories independently
D: solves with some mistakes/help
N: unable to solve stories

Counts by 10's to 100
S: 100
D: unable to get to 100
N: unable

Compares numbers (child identifies which number is greater than or less than)
S: able to compare any two written numbers 1-10
D: able to compare any two written numbers 1-10 with support
N: unable to compare any two written numbers

Creates a graph (child creates a color graph)
S: creates a graph independently
D: creates with support or some errors
N: unable to create a graph

Fluently adds to 5 (child is given a timed math assessment)
S: able to Fluently add all 12 problems
D: able to fluently add 7-11 problems
N: able to fluently add 0-6 problems

Fluently subtracts to 5 (child is given a timed math assessment)
S: able to Fluently add all 12 problems
D: able to fluently add 7-11 problems
N: able to fluently add 0-6 problems
